

## Software/Firmware Engineering Technical Capabilities

### Application Development

- C
- C++
- C#
- .NET
- Visual Basic
- Java
- Database
  - SQL
  - MySQL
  - ODBC
  - JDBC
- Multiplatform Development
  - Windows XP, Vista, Mobile, CE
  - Unix
  - Linux
  - Macintosh

### Windows Applications

- Win32
- MFC
- COM
- ActiveX

### Internet Applications

- Java
- ActiveX
- Browser Plug-ins
- SQL Databases and Web Clients

### Driver Development

- Windows WDM (XP, Vista)
- Windows VxD (95, 98, Me)
- Linux

### Embedded Systems

- C
- C++
- Assembly
- RTOS (Commercial and Custom)

### Processor Development Expertise

- TI MSP430
- Raza Alcemy AU1100 and AU1200
- Freescale HCS12

### Digital Signal Processor (DSP) Programming

- Audio
- Video
- Analog to Digital

### Contact Information

VPI Engineering  
11814 S. Election Road, Ste 200  
Draper, UT 84020
